Please answer the following questions and return to Horse Rescue Ontario:

1. Have you previously owned a horse? If so, when? If yes, did you board or directly care for your horse?
2. What is your level of experience with horses (beginner, intermediate, advanced)? Describe in detail (i.e., how did you learn to ride; did you take lessons from a professional trainer? Have you participated in clinics?)
3. Do you have a breed or age preference?
4. Would you adopt a horse with physical limitations (i.e., companion only; no jumping; light trail riding)?
5. Describe the activities you plan with the horse (pleasure riding, companion to another horse only, showing).
6. What is your riding style (English, Western, both, other)?
7. Where will you keep the horse? Describe shelter and turn out (we would prefer that you have a minimum of 2.5 total acres and you must have shelter for each horse if you are keeping the horse at your home).

8. Who will ride the horse (adult, teen, child)? What is their level of experience?

9. Who is your Equine Veterinarian? Your Farrier?
